E-mail webmaster@christmasseals.net

Visit my **website** for my most up to date inventory
www.christmasseals.com, www.christmasseals.net

Terms of Sale

You must be satisfied or your money back: Fast Service, Competitive Prices, and of course, Satisfaction Guaranteed. Payment by personal check, money order, cash, or PayPal. E-mail orders (webmaster@christmasseals.net) are often mailed out the same day. I have other types of fundraising seals and Cinderella stamps as well; send me your want list. Ask about discounts on large orders. Stock permitting, sheets are discounted 25% off the individual seal price. I'm always interested in purchasing seals.

Your Shipping Cost

Ohio residents add the proper sales tax for your county. Orders under \$50 add \$2 for postage; all other domestic orders are postpaid. International customers pay actual postage. There are two ways I can insure my parcels to most international destinations. Registered mail, which costs \$8 above regular airmail (80 cents an ounce), and will cover loss to most countries up to \$42. International express is quite expensive, and is only practical on larger orders, and gives you full coverage.

Seal Terms and Abbreviations

Green's Catalog numbers can be long and confusing, for example 1949-3x is a sheet of 1949 seals printed by the 3rd printer listed, which is Edwards and Deutsch Litho.; 1940Nmp1 is a 1940 Negative Maker's proof, variety 1, which is imperforate

E - essay, a proposed design

HBg - horizontal broken gum, a horizontal diamond pattern impressed in the gum to prevent curling

imp, imperf - imperforate

NG - no gum

NM - negative maker's proof, a true printer's proof

p - proof, usually imperforate

pcp - progressive color proof, usually a set of 7 stages showing colors separately and in combinations, leading up to the complete design.

P4S - perforated on all four sides

perf 12:00x12 - horiz rows of perfs are perf 12, with 2 larger diameter perf holes at intervals; usually 11 regular perf 12 holes are between pairs of larger holes.

(PH) - Photo in center section

PM - perforated margin

pm - printer's mark. Since 1936 printer's used a tiny letter on seal #56, on sheets of 100, to identify their product.; "E" Eureka Specialty Printing Co., "S" Strobridge Litho. Co. 1930-58, Specialty Printers of America 1975-92 "D" Edwards and Deutsch Litho. Co., "U" U.S. Printing and Litho. Co., "F" Fleming-Potter Co., etc.

r.9, roul.9 - roulette 9

S - Spring issue

SE - straight edge

SE 4S - straight edge on all 4 sides of a sheet

Sg - smooth gum

SqBg - square broken gum - a square pattern impressed in the gum to prevent curling.

T - test seal, usually a design experiment

TB - tuberculosis

UK - unknown printer

UL - Union Label, like printer's marks, these can be used to identify sheets.

VBg - vertical broken gum, a vertical diamond pattern impressed in the gum to prevent curling.

VM - varying margin; a margin made when a cut separates a perforated press sheet into smaller sheets or panes. Depending on where the knife cut chances to fall, such a margin will be a narrow PM, SE, or perforated edge. From 1932-62 Eureka sheets have a VM on two sides of the sheet.

x - sheet

Christmas Seal Society

<http://cscss.hom.e.att.net/> The Christmas Seal and Charity Stamp Society is a non-profit organization which began in 1931; also an APS (American Philatelic Society) affiliate. Seal News is our quarterly journal. For a complete list of CS&CSS literature, see the list below.

Any collector of good character may apply for membership to The Christmas Seal and Charity Stamp Society. **Dues are \$15 US, Canada and Mexico \$17.50, and \$27.50 foreign (airmail delivery of Seal News).**

New members by June 30th will receive 4 issues (a full year) of Seal News. New members after June 30th will receive 2 issues (half a year) of Seal News, and should pay for only half a year; US \$7.50, Canada and Mexico \$8.75, foreign by airmail \$13.75 To apply for membership write to Florence Wright, 33 Northumberland, Rochester, NY 14618-2405

CS&CSS Literature

Mailed separate from correspondence and seal orders. I am the Christmas Seal & Charity Stamp Society Catalog Printing & Distribution Chairman. I Distribute literature for The CS&CSS as a club project and don't profit from these sales; **make these checks payable to The CS&CSS. Add \$2 for domestic S&H (bound printed matter) anywhere in the US. For literature mailed outside the US (including Canada) you will pay actual postage, and I can email you. CS&CSS members get a 25% discount on full color literature marked with ******

	1918 F, perforated on all four sides	5.00
	1919 F	.25
	1920 F	.50
	1921 F	.25
	1922 F	.75
	1923 F	.15
	1924-1930 each, my choice of perforation	.10
	*1931-date, each, my choice of perforation	.05
	*prices for years that require a multiple, such as a block of 4, are listed below.	
	Christmas Seal Se-tenant Multiples	
	Note that some years are se-tenant (different designs side by side) and require pairs, blocks and sheets. I always send out multiples, as required, because they are not expensive and it's the right way to collect; priced per year.	
	Some of the larger multiples, like 1973 block of 12, can be expected to have a straight edge, as there is only 1 perforated on all 4 side (P4S) block in a sheet.

	Christmas Seal Bonds	
	These come in as many as ten denominations, (\$5, \$10, \$15, \$25, \$35, \$50, \$100, \$500, \$1,000, and blank) and were designed for big contributors. "Your choice" indicates your choice of year, my choice of denomination. Prices may be higher if you pick the denomination. Many have Christmas seal designs.	
1924-6	your choice, each	20.00
1928		20.00
1929-31	your choice, each	10.00
1933-36	your choice, each	3.00
1937-39	your choice, each	5.00
1940-50	your choice, each	1.50
1952, 54-57	your choice, each	1.50
1958		1.00
1959		10.00
1960-63	your choice, each	1.50
1964		5.00
1965, 1967-68	your choice, each	1.00
1969-74	your choice, each	.75
1970's	15 different multiple choice	3.75
	Twenty-six different bonds	15.00
	One hundred and fifty different bonds	275.00
	Christmas Seal Booth Envelopes	
	Originally used to dispense Christmas seals in booths which were set up in Post Offices.	
1907	#IV m	50.00
1911 - 1912	seals came in mine	20.00
1911	booth envelope with original block of 10 average to fine 1912 seals	65.00
1919	en this is not technically a booth envelope, but this seemed like a good place to list it on my pricelist

	Design Experiment Christmas Seals	
	Design experiment Christmas seals, which began in 1979, are issued on a limited basis to help select the design of next years national issue. The nationally issued Christmas Seals from 1981 to date were selected from a previous design experiment. 1981 National was selected from the 1980-T5 design experiment; 1982 from 81-T4; 1983 from 82-T6; 1984 from 83-T4; 1985 from 84-T5; 1986 from 85-T12; 1987 from 1986-T5; 1988 from 1987-T9; 1989 from 1988-T5; 1990 from 1989-T4; 1991 from 1990-T5; 1992 from 1991-T6; 1993 from 1992-T5; 1994 from 1993-T4a; 1995 from 1994-T5; 1996 from 1995-T9; 1997 from 1996-T7; 1998 from 1997-T1; 1999 from 98-T5; 2000 from 99-T1; 2001 from 2000-T10; 2002 from 2001-T8. The 2002 and 2003 National issues were similar: both were based on a 2001 design experiment (2001-T8). The 2005 National issue was selected from a 2003 design experiment (2003-T6); 2006 from 2005-T1; 2007 from 2006-T1.	
	Other modern experiments which have become regular issues, including Spanish text beginning in 1982, silver and gold foil beginning in 1985 and Spring issues beginning in 1987.	
	Full sheets listed only where a full sheet is required. For full sheets of Design Experiments, see Design Experiment Sheets.

		Tied Ons
		Christmas Seals, along with postage stamps, tied on covers or postcards by a postmark, are known as Tied Ons. The postmark ties the seal on and indicates that the seals were not added years later.

Christmas Seal Gutters	
A gutter pair is a pair of seals which span the margin between two panes of seals; this margin is usually wider than the normal spacing between seals. Many of these gutter positions are from large uncut press sheets.	
1915-1.1 HPIB, This error is from the edge of the sheet and is also a gutter, VF	60.00
1915-1.1 as above but F (fine)	40.00

1965-4p imperf vertical gutter block of 8	3.50	Perforated US Christmas Seal Sheets	
1965-4p imperf horizontal gutter block of 8	3.50	When ever possible, I have upgraded my working stock with unfolded sheets. From 2003 onward, all ALA issues including Spanish, Spring, Design Experiments, etc, are listed here.	
1965-4p4 imperfate cross gutter block of 16	16.00	1907x1 type one thin paper sheet of 228 (catalog value 50% higher than regular paper) Nice appearing F-VF (some average, and some better than VF) I could reinforce a few minor separations, but I will leave that up to you. Far above the normal condition I've encountered.	\$2,250.00
1966-1p imperf vertical gutter block of 16	3.75	1907x1 type one thin paper sheet of 228 (catalog value 50% higher than regular paper) Nice appearing AVE-F, 2 small hinge strips at center left and center right, one damaged seal.	2,000.00
1966-1p imperfate cross gutter block of 16	12.00	1907x1 type 1, regular paper sheet of 228, mostly average centering. The roughest complete sheet of 1907 I have seen, with massive reinforcement. 63 seals are mint never hinged, and perforated on all 4 sides (P4S), 40 are hinged P4S. The balance are straight edge, damaged, and heavily hinged.	1,000.00
1966-5p2 imperf vertical gutter block of 16	3.75	1907 type two sheet	Wanted
1966-5p2 imperf horizontal gutter block of 16	3.75	1908 type one and type two sheets	Wanted
1966-5p2 imperfate cross gutter block of 32	15.00	1909 hand selected, some AVE seals	50.00
1967-3p imperf vertical gutter block of 20	3.30	1909 more AVE seals than above	35.00
1967-3p imperf horizontal gutter block of 20	3.50	1909 still more AVE seals than above, and a few faulty edge seals	25.00
1967-3p imperfate cross gutter block of 40	12.00	1909 with "New Hampshire" overprint (US local #1421) This sheet was unknown in the finest collections until a few years ago.	350.00
